

Degree Pathway

A.A. in Liberal Arts and Sciences leading to the B.A. in Childhood Education at Queens College Catalog Year 2021-22

The Dual/Joint Associate Degree/Baccalaureate Degree program in Liberal Arts and Sciences and Childhood Education provides Queensborough students with the first two years of an articulated liberal arts transfer program leading to a baccalaureate degree in a liberal arts major and a co-major in Childhood Education at Queens College. In keeping with New York State’s learning standards for teacher education, the program design allows a student to use the first two years to maximum benefit in preparing for the upper division teacher education programs and the liberal arts major of their choice.

The number of credits you take each year will determine when you graduate. To graduate on time, you are strongly encouraged to enroll in at least 30 credits toward your degree during the calendar year, including fall and spring semesters and winter and summer sessions. This Degree Pathway is designed for students who place into **ENGL-101 and MA-119**. An additional pathway is available for students who must complete developmental math or English. Please see the degree website or your advisor for more information.

Courses in **Bold Text** are prerequisites for later courses and should be taken where indicated in the sequence.
