

## Degree Pathway

### A.S. in Health Sciences- Catalog Year 2021-22

The number of credits you take each year will determine when you graduate. To graduate on time, you are strongly encouraged to enroll in at least 30 credits toward your degree during the calendar year, including fall and spring semesters and winter and summer sessions. This Degree Pathway is designed for students who place into **ENGL-101 and MA-119**. An additional pathway is available for students who must complete developmental math or English. Please see the degree website or your advisor for more information.

Courses in **Bold Text** are prerequisites for later courses and should be taken where indicated in the sequence.

Notes:

1. Prerequisites for a course must be passed before taking the course. Corequisites must be passed before taking the course or taken in the same term as the course.
2. Certain required courses also fulfill core requirements (1B, 1C, and one additional Flexible Core course). If students do not take those courses to satisfy the specified areas of the common core, they will still have to complete those courses (as additional credits) to fulfill degree requirements.
3. MA-121 is required for students who choose to take CH-151 or MA-440. Students who take MA-336 instead of MA-440 may need to take one credit of free elective to earn a total of 60 credits and graduate.
4. Students must complete one course from each of the flexible core categories (2A., 2B, 2C, 2D, and 2E) and one additional course from any one of the categories. CH-127 or CH-151 is required for the degree and will fulfill the one additional Flexible Core course requirement.
