

Invited Presentations

1. **Sharon Lall Ramnarine, Utilizing AMP's resources to navigate a career in STEM**, Presented at the Annual Research Conference of the GS-LSAMP, Rutgers University Newark campus, NJ, April 1, 2011. *Keynote speaker*
2. **Sharon Lall-Ramnarine, Jasmine Hatcher, Alejandra Castano, Marie Thomas and James Wishart, Exploring the effect of structural modification on the physical properties of various ionic liquids**. Presented at the 17th International Symposium on Molten Salts and Ionic Liquids (a part of the 218th Electrochemical Society Meeting) in Las Vegas, Nevada, October 10 - 15, 2010
3. **Sharon Lall Ramnarine, The Alliance for Minority Participation (AMP): and its role in shaping careers and lives**, Presented at the LSAMP Urban University Series Conference, Brookhaven National Laboratory, NY, April 23, 2010. *Keynote speaker*
4. **Sharon Lall Ramnarine, The Alliance for Minority Participation (AMP): and its role in shaping careers and lives**, First Meeting of the Northern Cluster of the Garden State LSAMP Community, Montclair State University, NJ, November 7, 2009. *Keynote speaker*
5. **Sharon Lall-Ramnarine, Ionic Liquids: Synthetic design, physical and biological characterization**, Presented at the Faculty and Student Team (FaST) faculty meeting, Brookhaven National Laboratory, June 23, 2008
6. **Sharon Lall-Ramnarine, Alejandra Castano, Jasmine Hatcher, Kijana Kerr, Xing Li, Ayisha Munawar, Ankita Parikh, Pokay Ma, Catherine McEntee and James F. Wishart, Manipulating the Properties of Ionic Liquids by Synthetic Design**. Presented at the 40th Middle Atlantic Regional Meeting of the American Chemical Society, Queensborough Community College, Bayside, NY. May 17-21 2008.
7. **Sharon Lall-Ramnarine, Faculty research at community colleges – Challenges and successes**. Panel presentation at The Council for Resource Development (CRD) National Conference held in Washington D.C. from November 01 to November 03, 2007.
8. **Sharon Lall-Ramnarine, General synthesis and properties of ionic liquids**, Presented at the New York Regional Alliance for Ionic Liquid Studies (NYRAILS) workshop, Rutgers University, NJ, September 14, 2007.
9. **Sharon Lall-Ramnarine, "From Mentee to Mentor: The challenges and successes of undergraduate research in 2 and 4-year university settings"** Presented at the Urban University Series Conference, City College, CUNY, May 2007.

10. **Sharon Lall-Ramnarine, Introducing community college undergraduates to the world of research.** CHED paper 10 presented at the 233rd ACS National Meeting, Chicago, IL, March 25-29, 2007
11. **Sharon Lall-Ramnarine, The importance of being involved in research.** Presented at Queensborough Community College CSTEP program, October 2006
12. **Sharon Lall-Ramnarine, Ionic Liquids – Alternative solvents for a sustainable environment.** Presented at Brookhaven National Laboratory's Office of Education Community Summer Science Program (CSSP) for high school students lecture series, July 2006.
13. **Sharon Lall-Ramnarine, Reflections on cultural differences**, Panelist. Spring Faculty meeting, Queensborough Community College, March 2006.
14. **S. I. Lall-Ramnarine, Research Opportunities in CUNY (Panelist).** Presented at the QCC Chemistry Departmental Seminar Series, September 2005
15. **S. I. Lall-Ramnarine, Getting into and Surviving Graduate School.** Presented at the Howard Hughes Summer program for Undergraduate Research (SPUR) program, Queens College, July 2005
16. **S. I. Lall-Ramnarine, An Introduction to ionic Liquids – New Solvents for a Sustainable Environment.** Presented at Brookhaven National Laboratory's Office of Education High School students Enrichment Meeting, July 2005
17. **S. I. Lall-Ramnarine, An introduction to ionic liquids.** Presented at the department of chemistry seminar series spring 2005, Pace University, NY, March 2, 2005
18. **S.I. Lall-Ramnarine, Student-Faculty Relationship through Research, A keynote presentation**, Presented at the Louis Stokes Alliance for Minority Participation Queens borough wide conference, Queens College, CUNY, NY, March 3, 2005.
19. **S. I. Lall-Ramnarine, An introduction to ionic liquids.** Presented at the department of chemistry seminar series spring 2005, Queensborough Community College, NY, February 18, 2005.
20. **Sharon Lall-Ramnarine, Delroy Coleman, James Wishart, Marie Thomas, Annu Ipe, Carolyn Spence, and Robert Engel. Synthesis and characterization of new types of ionic liquids.** Paper 2346 presented at the Fourteenth International Symposium on Molten Salts, Honolulu, HI, October 2004.

21. **S. I. Lall-Ramnarine, Synthesis and characterization of new categories of ionic liquids - LIPs and PILS**, Presented at the ACS Long Island subsection meeting, Hofstra University, April 1, 2004
22. **S. I. Lall-Ramnarine, An introduction to ionic liquids**, Symposium/Workshop on Ionic Liquids, Brookhaven National Laboratory, Upton, NY, April 7, 2004
